

Keep it Clean and win big with Ecotech Aruba!

Ecotech N.V. has announced their Carnival campaign, and all islanders have the opportunity to help keep our island clean and win some great prizes at the same time! According to Vi Frank, Marketing Manager of Ecotech, and Gerold Winklaar, Operations Manager, the time to become an Ecotech member is *now* because all those that do inscribe will receive 3 raffle tickets giving them a chance to win some terrific prizes during the drawing on February 22. All those that are already a member of Ecotech will receive 2 raffle tickets whenever they avail themselves of any of the services that Ecotech offers. So any time someone calls Ecotech Septic Service, or arranges for an industrial size bin to clean their yard or dispose of major amounts of refuse they will receive two raffle tickets.

Exciting prizes include two grand prizes of a weekend stay for two at the Renaissance Resort with a dinner show package to see the Let's Go Latin show preceded by a fabulous dinner at the elegant L.G. Smith Steak and Chophouse.

There will be fifty second prizewinners of a complimentary six month membership to the Ecotech Residential Service, which means free waste collection for six months and an extra large waste bin provided. Two third prizewinners will receive gift certificates that can be used at any of the fine shops found in the Renaissance Mall or Seaport Marketplace. 6 last prize winners will receive their choice of a "Carnival Fun Package" consisting of Ecotech or Balashi hats, tee shirts, and other logo items, or, if they prefer, a case of Tropical soft drink or Balashi Beer.

Ecotech membership costs 30 Aruban Florins, (\$17 U.S.) per month, and a minimum one-year membership is required. This includes weekly domestic refuse collection by Ecotech. The use of any additional Ecotech service will earn the individual 2 more raffle tickets.

Interested parties can inscribe at the Ecotech head office at Sabana Blanco 2 in Dakota, or at their office near the Noord area at Tanki flip 78. For more information call telephone # 582-4684. Ecotech suggests that all Carnival groups get rid of all the waste materials from their carnival preparations with an Ecotech Bin and waste removal program, and win a chance to relax after all the carnival excitement is said and done with a beautiful weekend at the Renaissance Resort. Carnival and Ecotech make a dynamite combination!
